CURTIS JOHNSON

OBJECTIVE

My purpose/objective is to continue to gain valuable experience within the field of graphic design while also becoming more familiar with how that works in conjunction with the current workforce. I am willing to do whatever it takes to gain as much knowledge as possible in that regard in order to be successful and be an effective graphic designer.

SUMMARY OF QUALIFICATIONS

I have taken multiple courses throughout my undergraduate curricular studies at St. Edward's that involved mainly Adobe Illustrator, Photoshop, & InDesign, with some minor experience with CSS programs such as Adobe Flash. I am willing to learn more, especially in programs that I am not as proficient in compared to others so that I can become an effective & functional designer.
